### The Wool Trade.

The American Wool and Cotton Reporter, of Boston, says under date of June 3:

With some houses in the trade there has been a slightly better inquiry for wool the past week, but as a general thing trade has continued very quiet. The buying of the new wools in the interior is more general than it was at this time last year, and it has been some years since there has been such a rapid clean-up of the new wools as we have seen thus far. With such a scramble for the new wools as we have had this year, and with indications of a further hardening tendency at the next London sales, prices on the few old wools which remain in this market are naturally firm.

The receipts of wool in Boston this week amount to 18,023 bales, against 18,644 bales last week, and 14,129 bales last year.

The total receipts since January have been 299,040 domestic and 76,734 foreign wools, against 166,963 bales domestic and 114,504 bales foreign for the corresponding time last year. This is an increase of 32,083 bales of domestic and a decrease of 47,778 bales foreign.

The shipments for the week ending May 30, are as follows: Tuesday, May 24, 808,400 pounds; Wednesday, May 25, 494,580 pounds; Thursday, May 26, 907,430 pounds; Friday, May 27, 203,810 pounds; Saturday, May 28, 510,300 pounds; total 2,923,970 pounds.

This shows a decrease of 870,958 pounds from the previous week. Since January 1 the total shipments have amounted to 89,618,940 pounds, against 94,550,128 for the corresponding time last year.

The sales of the week amounted to 2,227,000 pounds domestic and 350,000 pounds foreign, making a total of 2,577,000 pounds, against a total of 2,818,000 for the previous week and a total of 3,838,000 for the corresponding week last year. The sales since January 1 amounted to 89,229,000 pounds, against 78,296,000 for the corresponding time last year.

### Market Letter.

Special to The Press.

Kansas City, Mo., June 2, 1904. —Quarantine receipts this week amount to 4,000 head, more than four times the number received same days last week. The market was 10 cents higher Monday or 25 to 35 cents higher than 10 days ago. Receipts in native division have been comparatively light, and the attendance of buyers in quarantine division has been good all week and market active. Fed steers have sold from \$4.35 to \$4.75, and grass steers have sold up to \$4.25. Fed cows have been scarce, and sold at \$2.75 to \$3.75; a few grass cows sold at \$3.25, and one bunch of grass bulls brought \$3.05. Veal calves do not sell any better than last week, and top in quarantine division this week was \$4.75. Outside of temporary fluctuations, the good prices are expected to be held up, as the receipts will be light for the next several weeks.

Hog prices advanced after the middle of last week up to yesterday, but market is a little lower today, with a top, however, of \$4.05, 17½ cents above the low time last week. Bulk of sales today is \$4.45 to \$4.60. Light hogs have been selling better relatively than heavy ones, and weights below 200 pounds bring up to \$4.45.

Prices on Texas muttons are a little lower than a week ago. Market was 10 cents higher Monday, when several loads of Texas, 70lb to 85lb, sold at \$4.05 to \$4.85. The sheep had wet fleeces and sale was considered strong on that account. Market was 10 to 15 cents lower Tuesday, but has been steady since. Good Texas muttons sell at \$4.00 to \$4.80; medium, \$4.30 to \$4.50, and culls down to \$3.75. Market can hardly suffer much, as the shortage now prevailing from Southern ranges cannot be made up before runs from the West commence in July or first part of August.

### Wool Coming to Ballinger.

Romney County Ledger.

Rasbury & Bruce are paying their way in Ballinger. They are meeting with merited success in the wholesale grocery business, having already worked up a good trade in the small towns adjacent to Ballinger. Besides this they are after the produce in this territory and expect to pay all the market will afford for all staple lines of produce. They purchased several nice consignments of wool this week that has heretofore been

going to San Angelo. They will be in the cotton market this fall and will pull for their share of this staple.

They have bought up to date 100,000 pounds of wool, and a good lot of this came from near San Angelo, in fact some of it was hauled to San Angelo for storage.

C. W. McCutcheon brought 2 cars of muttons in Thursday from his Coke county ranch.

D. T. Yaws of Sutton county, sold to J. J. Martin of Ballinger, 20 mares at \$20.

T. D. Newell of Sutton county, sold at St. Louis on May 26, two cars Angora wethers, averaging 67 pounds, at \$4.25, being the highest price paid for this class of stuff for several months.

Smith & Hamilton of Del Rio, bought of Robert Massie of Sutton county, a train load of muttons at \$3.25 a head on board the cars at Del Rio.

E. F. Vander Stucken of Sonora, bought a few yearling steers during last week at \$8 a head.

T. D. Newell of Sutton county, sold a few cars of goats at Chicago at \$4.35.

The U's are rounding up this week, and delivering 400 3-and-4-year-old steers which they sold Chas. Wear last week.—Sterling News Record.

### Worst of All Experiences.

Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. H. Newson, Decatur, Ala. "For three years," she writes, "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters and the result was miraculous. I improved at once and now I'm completely recovered." For liver, kidney, stomach and bowel troubles Electric Bitters is the only medicine. Only 50c. It's guaranteed by J. W. Harris, druggist.

## LIVER TROUBLES

"I find Thedford's Black-Draught a good medicine for liver disease. It cured my son after he had spent \$100 with doctors. It is all the medicine I take."—MRS. CAROLINE MARTIN, Parkersburg, W. Va.

If your liver does not act regularly go to your druggist and secure a package of Thedford's Black-Draught and take a dose tonight. This great family medicine frees the constipated bowels, stirs up the torpid liver and causes a healthy secretion of bile.

Thedford's Black-Draught will cleanse the bowels of impurities and strengthen the kidneys. A torpid liver invites colds, biliousness, chills and fever and all manner of sickness and contagion. Weak kidneys result in Bright's disease which claims as many victims as consumption. A 25-cent package of Thedford's Black-Draught should always be kept in the house.

"I used Thedford's Black-Draught for liver and kidney complaints and found nothing to excel it."—WILLIAM COFFMAN, Marblehead, Ill.

When I feel bad and have that tired feeling, I take a dose of Herbine. It is the best medicine ever made for chills and fever." 50c a bottle at Central Drug Store.
